Exterior

The brief was for a modern and spacious yacht with large lounging areas for enjoying both informal family time and entertaining on social occasions. Consequently, ELANDESS offers a plethora of spectacular communal spaces, ranging from the Neptune Lounge below the waterline to the 8m x 2.5m swimming pool on the very expansive sun deck. Remarkably, the yacht's contemporary and sporty exterior profile belies her wide open plan spaces and flexible living areas which feature large floor-to-ceiling panoramic windows.

Interior

"Walking through Elandess, no two spaces feel the same; each area has its own character creating drama and interest at every turn. The interior of Elandess has been described as having soul!" comments Harrison Eidsgaard.

Best Lifestyle Feature – Neptune Lounge

Harrison Eidsgaard about this very special place: "Being connected to the water is felt most impressively in the Neptune lounge; within this underwater amphitheater sits a tiered dark blue sofa that flows and grows up and over the ceilings to frame the 3m high, 4.5m wide windows out to spectacular views below and above the waterline."
